### [5] Transportation (TR)

[5.4] The total number of vehicles (cars and motorcycles) divided by total campus' Population (according to the statistics in 2020)

| No. | Vehicle                             | Total Number |
|-----|-------------------------------------|--------------|
| 1   | Car managed by the university       | 6            |
| 2   | Cars entering the university        | 240          |
| 3   | Motorcycles entering the university | 0            |
|     | Total                               | 246          |

$$5.4 = 246 / 6643 \text{ (population)} = 0.037$$
